

## Superior Utility Value

Heavy duty fun and function is what you get with the SUV line of machines. They bring you Superior Utility Value for your sewing investment. Solid metal construction and unique styling give you a machine that exceeds budget expectations. The entry level SUV 1108 gives you all the stitches that you need as a beginner to sew clothing and home dec projects. The SUV 1122 offers even more versatility with decorative stitches, stitch width adjustment and a built-in needle threader. Both machines come with the added bonus of both 1/4 inch and walking feet, making the SUV a quilter's machine too!
