The Row by Row experience (Shop Hop) is now officially underway. We have our free pattern available and a kit of our row available for \$10. The 1st person to come to each shop with a completed quilt using rows from at least 8 different shops wins a bundle of 25 fat ¼'s. It didn't take long at our shop as Nellie Van de Ven showed up first thing on Monday July 3rd to claim her prize. You can view her quilt hanging in our classroom or go to our website.

The teachers will be meeting later this month and as soon as we have our Fall class schedule ready, we will be sending out an email to let you know. If you have something you might be interested in taking, send us an email and maybe we will be able to put a class together. Our beginner Introduction to Quilting class is already set to begin August 15th. Details are in-store or on our website.

Fabric Sale: from July 5th to the 29th using the coupon below, you can save \$1 per meter on your regular priced 45" fabric purchases. You must purchase a minimum of 1 meter of each piece to get the discount. This sale includes all the Christmas fabric that has arrived and is set up on display in our classroom. The best part is that you still get your Loyalty Points on these purchases.

Present this coupon to receive \$1 off the regular price of 45" wide fabric. Minimum 1 meter purchase required of each fabric. Expires July 29

Summer is usually a quiet time for quilting and sewing, which makes it an opportune time to bring in your sewing machine for its annual clean and service. Unless parts are required that we need to order, you only need to leave your machine for 2 to 3 days before it it will be ready for you.

Have a great Summer and hope to see you soon,

Donna, Paul, Linda, Sylvia and Maddie
